CANDIDATE FOR THE POSITION OF 3GPP TSG SA WG3 CHAIRMAN

Dear Colleagues,

ERICSSON, via ETSI, is pleased to nominate **Mr. Bengt SAHLIN** as Chairman of 3GPP TSG SA WG3 (Security).

Bengt SAHLIN has an M.Sc. in Computer Science from Helsinki University of Technology (TKK). At TKK, he has also lectured on modern data communications as well as on DNS and DNS security. He is a Certified Information Systems Security Professional (CISSP).

Bengt has worked in the fields of data- and telecommunications for 14 years, mostly in security aspects. In 2000 he joined Ericsson where he has worked on mobile systems security and product security. He was also technical coordinator for Ericsson's security implementation projects, as well as manager of a security research group within Ericsson.

In 2003 Bengt joined the Ericsson 3GPP SA3 delegation. He has been an active participant in most areas of SA3 and became Ericsson's lead delegate for SA3.

Ericsson is committed to the 3GPP standardization work and will give full support and resources for Bengt SAHLIN to successfully carry out the 3GPP SA3 Chairman duties.

Sincerely,

Jonas Sundborg

Director of Standardization and Technical Regulation
ERICSSON
