Subject: Nomination of candidate for 3GPP TSG SA WG3 Vice-Chairman

Dear Mr. Zumerle and Ms. Kooistra,

Huawei Technologies is pleased to nominate Mr. Marcus Wong as candidate for Vice-Chairman of 3GPP TSG SA WG3. Huawei Technologies is an individual member of 3GPP via the CCSA Organisational Partner.

Marcus has received a Master's Degree in Computer Science from City University of New York's Queens College (USA). He has 15 years experience in the wireless network security from designing systems to standardization. He holds Certification for Information System Security Professional (CISSP) from the prestigious International Information Systems Security Certification Consortium. He has contributed continuously toward the standardization of security aspects WCDMA and LTE standardisation. In addition to his participation to 3GPP, Marcus is responsible for standardization and research activities within Huawei Technologies. To that extent, he has been re-elected for a third-term as the Vice-Chairman of the WG7 (Security & Trust) of the Wireless World Research Forum.

Marcus joined Huawei Technologies in November 2007 to represent the company in 3GPP TSG SA WG3. We believe his solid technical background associated to his long experience in the wireless secure communication area give him the necessary qualities to effectively carry on the responsibility of 3GPP TSG SA WG3 Vice-Chairman.

Huawei Technologies is fully committed to allocating the necessary resources and support to enable him to accomplish the duties and responsibilities of 3GPP TSG SA WG3 Vice-Chairman.

Sincerely Yours,

A handwritten signature in black ink, appearing to be the Chinese characters "孙立新" (Sun Lixin).

Sun Lixin
Director of Wireless Standards Department
Huawei Technologies Co., Ltd.
